Financial Assistance Policy

Plain Language Summary

Holzer Health System

Holzer is committed to providing access to healthcare for our communities. We realize that some individuals cannot pay for all or part of their services. We will work with our patients privately to assist with any financial assistance.

Through our Financial Assistant Program (FAP), Holzer Health System can provide temporary financial assistance to eligible patients who receive emergent or medically necessary healthcare. Chosen treatments are not covered under our FAP. Patients must be able to apply for Ohio Medicaid and/or any other public assistance programs within their state of residence.

After submitting financial assistance forms to Holzer along with proof of income, a patient may be able to qualify for financial assistance under Holzer's policy. A patient may receive additional discounts according to the 2026 Federal Poverty Guidelines. Eligible patients will never be charged more than an insured patient.
