

At Home Drug Disposal

FREE DRUG DISPOSAL POUCH*

* while supplies last

August 9-15, 2020

How To Use

In three easy steps, the Deterra® Drug Deactivation System neutralizes drugs permanently, safely and quickly.

Tear open pouch and place unused medications inside Deterra

Fill pouch halfway with warm water and wait 30 seconds for air to release. Some foaming may occur.

Seal pouch tightly, gently shake and dispose of in normal trash

To deactivate and dispose of used transdermal patches, attach the sticky side of the patch to a paper towel and insert into the Deterra pouch. For unused patches, remove packaging and protective liner before attaching to paper towel.
