

COVID-19 Update

Dear Holzer Patients and Community,

Being based in a rural area, we have been fortunate that the COVID-19 impact to our communities has been significantly less than those impacted in metropolitan areas. As always, Holzer is open and ready to meet your healthcare needs.

Below you will find some tips and suggestions regarding future appointments.

Stay Connected

This pandemic has emphasized the importance of staying connected and providing communication to our patients. The best way to stay in touch with your care team is through the myHolzer Patient Portal. myHolzer allows you to communicate directly with your care team, make appointments, request prescription refills and more!

We Mask for You!

The Centers for Disease Control and Prevention (CDC) recommend masks be worn within our facilities. If you do not have a mask, we will do our best to provide you one.

Our masks help us protect you. Your mask helps us protect other patients and staff. We appreciate your understanding and cooperation during these unprecedented times.

Virtual Visits – Just a Click Away

Virtual healthcare is a solution for many of our patients. When scheduling, ask if a video visit is possible. Virtual visits are as easy as answering a smartphone! For more information, call 1-855-4HOLZER or message us through the myHolzer patient portal.

Changes Continue with Visitor Policy

Our visitation policy continues to evolve, as guidelines are received from the Ohio Department of Health. Currently, visitors are limited in our hospital settings to two visitors per patient per day (one visitor allowed in patient room at a time).

What to Expect for In-Person Visits

Holzer is committed to creating a safe environment for our in-person visits. We are consistently disinfecting common areas, observing social distancing, and masking all patients and staff. Visit the page below for a step-by-step walkthrough of what to expect for your visit with us.
